Dear Secretary Hosemann:

National Right to Life, the federation of state right-to-life organizations, is pleased to endorse you for election as lieutenant governor.

You are a strong advocate for life. You support pro-life legislation, including the *Pain-Capable Unborn Child Protection Act*, which would protect unborn children by prohibiting abortion at 20 weeks, when the unborn child is capable of experiencing great pain when being killed by dismemberment or other late abortion methods.

You oppose the use of government funds for abortion, and you oppose using tax dollars for abortion providers.

This endorsement reflects your commitment to strengthening a culture of life. We look forward to working with you to protect the most vulnerable members of the human family – unborn children and medically dependent or disabled persons – whose lives are threatened by abortion or euthanasia.

All Mississippi voters who are concerned with the right to life and with the protection of the most vulnerable members of the human family should vote to elect you as lieutenant governor so that you can advance vital pro-life public policies.

Sincerely,

A handwritten signature in blue ink that reads "David N. O'Steen".
